“Godzilla Coin”

The Godzilla Coin project, codenamed \$GODZ, was born on July 23, 2021 and was founded by several Asians. Before that, they have seen too many unfair treatments against Asians in the world. They have also helped people get fair survival and development opportunities in many underdeveloped countries. Their vision is to create a project that is fair and open so that people from underdeveloped countries such as Asia, Southeast Asia, and Africa... etc have the opportunity to obtain fair development opportunities from decentralized finance, and make freedom and wealth extremely fair.

“Godzilla Vault”

Godzilla Coin has built **Godzilla Vault**

What is Godzilla Vault?

Godzilla Coin pays his long-term holders!

11% of every Godzilla coin transaction will be stored in the Godzilla Vault in BNB. Every 1 Hours Godzilla holders can claim BNB from the Godzilla Vault!

You are able to claim the same percent of the vault that you hold of the supply of Godzilla coin: for example, if you hold 5% of the total supply of Godzilla coin you can claim 5% of the BNB in the Vault.

Whenever holders claim, the BNB pool will reduce, and thus your share will reduce as well.

That's why you should claim as soon as your cycle is ready.

“ How to Claim My BNB ”

You can claim your BNB from the Godzilla vault after 24 hours you purchase the Godzilla Coin. The Godzilla Vault gets filled with 1% of all Godzilla transactions and the claimable amount is decided based on how much Godzilla coin you hold in your wallet connected to our Godzilla Vault DApp.

For example, if 24 hours of the transaction amount is 20000 BNB, there will be 200BNB in the Godzilla vault. If you have 1% of the Godzilla coin in your wallet, you can claim 2 BNB per day.

Go to the Claim page on our website to open our Godzilla Vault DApp. Connect your wallet to the Godzilla Vault, and click the “Claim My BNB” button.

Please note that you must have a small amount of BNB in your wallet to cover the
